Subject Index

A

abdominal disorders, diagnostic laparoscopy for (*tip*), October, p. 1285
abortion, interpreting literature on (*let*), September, p. 665
abscess, retropharyngeal, recognition of, in children (*sci*), July, p. 193
abuse
—alcohol, screening for, in the primary care setting (*tip*), November, p. 1537
—cocaine, cardiovascular complications of (*sci*), September, p. 769
—sexual, in children, diagnosis of (*tip*), December, p. 1800
—substance, in pregnancy: prevalence in rural women (*sci*), July, p. 262
acetaminophen, ibuprofen and, antipyretic effects of (*tip*), November, p. 1551
acetazolamide in treatment of acute mountain sickness (*tip*), September, p. 909
activity, physical, level of, and incidence of stroke (*tip*), September, p. 884
acyclovir for treatment of varicella in adolescents (*tip*), September, p. 945
adhesions in pelvic surgery, artificial barriers for reducing (*tip*), August, p. 538
adolescent patients, prevalence of HIV infection in (*tip*), November, p. 1555
adolescent sexuality (*let*), July, p. 38
adolescents' health concerns (*FPI*), July, p. 283
adolescents
—acute pain management in infants, children and: operative and medical procedures (*sci*), August, p. 469
—varicella in, acyclovir for treatment of (*tip*), September, p. 945
adults
—acute pain management in: operative procedures (*sci*), July, p. 128
—HIV and related infections in, update on drug therapy for (*sci*), December, p. 1772
—invasive *H. influenzae* type B disease in (*tip*), December, p. 1791
—pressure ulcers in: prediction and prevention (*sci*), September, p. 787
aerosolized pentamidine in children with HIV infection (*tip*), September, p. 933
AIDS (*see also HIV infection*)
—in bisexual men (*tip*), July, p. 267
—predicting progression of HIV infection to (*tip*), December, p. 1816
AIDS patients, disseminated *M. avium* infection in (*tip*), October, p. 1283
airways injury, reversibility of, after smoking cessation (*tip*), September, p. 883
alcohol in utero, mental development in children exposed to (*tip*), November, p. 1544
alcohol abuse, screening for, in the primary care setting (*tip*), November, p. 1537
alcohol use and mortality from coronary heart disease (*tip*), December, p. 1796
allergic reactions, acute, histamine antagonist treatment for (*tip*), September, p. 922
alprazolam in emergency treatment of schizophrenia (*tip*), October, p. 1289
amnioinfusion, saline, for relief of variable decelerations (*sci*), September, p. 778
anemia, iron deficiency, laboratory diagnosis of (*tip*), October, p. 1276
anesthetics, local, effect of injection site on (*tip*), October, p. 1263
angioplasty, percutaneous, for renovascular hypertension due to fibromuscular dysplasia (*sci*), October, p. 1225
ankle injuries, acute, radiographic assessment of (*tip*), September, p. 946
antibiotics, macrolide, new: clarithromycin and azithromycin (*sci*), September, p. 863
anticholinergic plant ingestion, management of: jimson weed toxicity (*sci*), August, p. 526
anticoagulation monitor, portable, accuracy of (*tip*), July, p. 247
anticoagulation therapy, prothrombin time ratios and (*tip*), August, p. 561
antidepressant, tricyclic, overdose, managing (*sci*), July, p. 153
antigen detection tests, culture and, for streptococcal tonsillopharyngitis (*let*), December, p. 1657
antigen test, rapid, vs. culture in streptococcal pharyngitis (*tip*), August, p. 552
antihypertensive therapy
—left ventricular hypertrophy and (*sci*), August, p. 483
—in thoracic aortic trauma (*tip*), September, p. 916
antioxidants, serum, and preeclampsia (*tip*), November, p. 1538
antipyretic effects of ibuprofen and acetaminophen (*tip*), November, p. 1551
aortic trauma, thoracic, antihypertensive therapy in (*tip*), September, p. 916
arrhythmias, fetal, evaluation of (*sci*), December, p. 1745
arteritis, Takayasu's, as a cause of orofacial pain (*let*), December, p. 1662
aspirin and thrombolytics in myocardial infarction (*tip*), September, p. 910
assault, sexual, protocol for the female victim of (*tip*), November, p. 1522
astemizole overdose in children, cardiac effects of (*tip*), September, p. 942
asthma guidelines: implications for the practicing physician (*ed*), October, p. 1060
atherosclerosis
—immunology of (*tip*), October, p. 1275
—peripheral, risk of, genetic factors and (*tip*), September, p. 909
atrial fibrillation, rapid, treatment of, value of clonidine in (*tip*), September, p. 903
awakening, night, in infants (*tip*), September, p. 903
azithromycin, clarithromycin and: new macrolide antibiotics (*sci*), September, p. 863
aztreonam for treatment of traveler's diarrhea (*tip*), September, p. 941

B

back pain, an overlooked cause of: sacroiliac sprain (*sci*), November, p. 1459
bacterial water-borne illnesses, unusual aspects of (*sci*), September, p. 797
behavior changes in children, theophylline and (*tip*), November, p. 1551
Bell's palsy in pregnancy (*fpi*), August, p. 576
Bethesda system, NCI makes changes in (*med rep*), September, p. 967
birth, preterm
—preventing the complications of (*sci*), August, p. 441
—prevention: cognition over technology? (*ed*), August, p. 381

July through December, 1992

awakening, night, in infants (*tip*), September, p. 903
azithromycin, clarithromycin and: new macrolide antibiotics (*sci*), September, p. 863
aztreonam for treatment of traveler's diarrhea (*tip*), September, p. 941

B

back pain, an overlooked cause of: sacroiliac sprain (*sci*), November, p. 1459
bacterial water-borne illnesses, unusual aspects of (*sci*), September, p. 797
behavior changes in children, theophylline and (*tip*), November, p. 1551
Bell's palsy in pregnancy (*fpi*), August, p. 576
Bethesda system, NCI makes changes in (*med rep*), September, p. 967
birth, preterm
—preventing the complications of (*sci*), August, p. 441
—prevention: cognition over technology? (*ed*), August, p. 381

birth weight, trends in (*FPI*), October, p. 1300
bisexual men, AIDS in (*tip*), July, p. 267
black widow spider envenomation (*tip*), December, p. 1802
blacks, subarachnoid and intracerebral hemorrhages in (*tip*), September, p. 944
bleeding, first, in cirrhosis (*tip*), November, p. 1546
borderline personality disorder (*tip*), October, p. 1299
bowel, irritable, syndrome, approach to evaluation of (*tip*), December, p. 1790
brain injury, traumatic, minor, sequelae of (*sci*), November, p. 1491
breast cancer
—detected by mammographic screening (*tip*), July, p. 268
—life stressors and (*tip*), September, p. 941
breast feeding after cosmetic breast surgery (*let*), December, p. 1657
breast implants, silicone, FDA approves clinical studies of (*med rep*), October, p. 1306
bronchodilators, effect of, on gastroesophageal reflux (*tip*), October, p. 1296
bulimia nervosa, treatment of (*tip*), August, p. 547

C

caffeine, cardiovascular effects of (*FPI*), October, p. 1300
cancer
—breast, detected by mammographic screening (*tip*), July, p. 268
—breast, life stressors and (*tip*), September, p. 941
—colon, foreign body mimicking (*let*), November, p. 1378
—colorectal, extended resection for (*tip*), December, p. 1795
—esophageal, pickled vegetables and (*tip*), December, p. 1814
—prostate, GnRH agonists and (*let*), August, p. 374
—radioantibodies in diagnosis of (*FPI*), August, p. 576
—thyroid (*FPI*), December, p. 1826
cancer patients, terminal, care of, at home (*fpi*), September, p. 964
cancer risk after treatment for Hodgkin's lymphoma (*tip*), October, p. 1269
candidal vaginitis, prophylaxis for, yogurt as (*tip*), July, p. 250
carbon tetrachloride toxicity (*sci*), October, p. 1199
cardiac effects of astemizole overdose in children (*tip*), September, p. 942
cardiac stress, transurethral prostatectomy and (*tip*), August, p. 575
cardiovascular complications of cocaine abuse (*sci*), September, p. 769
cardiovascular effects of caffeine (*FPI*), October, p. 1300
catheter, intravenous, 'idle' (*tip*), December, p. 1804
catheter dressings, intravenous, transparent, infection risk and (*tip*), October, p. 1288
catheterization, central venous, in patients with coagulopathy (*tip*), September, p. 933
cervical dysplasia, laser treatment of, pain control during (*tip*), September, p. 883
cervical examinations, weekly, safety of, near delivery (*tip*), August, p. 546
cervical infection rates and use of nonoxynol-9 (*tip*), December, p. 1789
cervical neoplasia and HPV infection (*tip*), August, p. 551
cervical tissue specimens, effect of laser conization on (*tip*), October, p. 1284
chest pain
—acute, and long-term survival (*tip*), July, p. 258
—in children (*FPI*), October, p. 1300
—delay in seeking care for (*FPI*), August, p. 576
child care facilities, survey of safety practices in (*tip*), August, p. 558
childhood diabetes, environmental influence on (*tip*), October, p. 1290
childhood Henoch-Schönlein nephritis, survival after (*tip*), August, p. 574
children
—acute pain management in infants, and adolescents: operative and medical procedures (*sci*), August, p. 469
—astemizole overdose in, cardiac effects of (*tip*), September, p. 942
—behavior changes in, theophylline and (*tip*), November, p. 1551
—blood lead levels in, foreign bodies and (*tip*), September, p. 948
—chest pain in (*FPI*), October, p. 1300
—cholesterol guidelines for, AAP updates (*med rep*), December, p. 1571
—CT findings in, following blunt trauma (*tip*), September, p. 896
—exposed to alcohol in utero, mental development in (*tip*), November, p. 1544
—with HIV infection, aerosolized pentamidine in (*tip*), September, p. 933
—meningitis in, latex agglutination testing for (*tip*), August, p. 572
—painful defecation and fecal soiling in (*tip*), December, p. 1810
—parapneumonic empyema in: diagnosis and management (*sci*), November, p. 1443
—poison center contact and risk of injury in (*tip*), July, p. 268
—retropharyngeal abscess in, recognition of (*sci*), July, p. 193
—sexual abuse in, diagnosis of (*tip*), December, p. 1800
—use of ciprofloxacin in (*let*), August, p. 376
—young, human herpesvirus 6 infection in (*tip*), October, p. 1264
—young, wheezing in, nebulized metaproterenol for (*tip*), September, p. 904
Chlamydia trachomatis, comparison of rapid tests for (*tip*), November, p. 1546
cholecystectomy
—laparoscopic, gallstones, bile duct stones and, NIH releases consensus statement on (*med rep*), November, p. 1571
—open, safety of, as an outpatient procedure (*tip*), September, p. 910
—significance of fever after (*tip*), October, p. 1290
cholesterol, elevated plasma, dietary fiber and management of (*tip*), July, p. 275
cholesterol guidelines for children, AAP updates (*med rep*), December, p. 1571
cholesterol levels, filtered coffee and (*tip*), August, p. 564
CIN, loop electrosurgical excision procedure for (*sci*), August, p. 505
ciprofloxacin, use of, in children (*let*), August, p. 376
cirrhosis, first bleeding in (*tip*), November, p. 1546
clarithromycin and azithromycin: new macrolide antibiotics (*sci*), September, p. 863
cleft lip and cleft palate (*sci*), October, p. 1211
clonidine, value of, in treatment of rapid atrial fibrillation (*tip*), September, p. 903
coagulopathy, patients with, central venous catheterization in (*tip*), September, p. 933
cocaine abuse, cardiovascular complications of (*sci*), September, p. 769
cocaine exposure, gestational, in neonates, detection of (*tip*), November, p. 1552
coffee, filtered, and cholesterol levels (*tip*), August, p. 564
colon cancer, foreign body mimicking (*let*), November, p. 1378
colorectal cancer, extended resection for (*tip*), December, p. 1795
conception, assisted, pregnancy and birth rates with (*tip*), December, p. 1805
congenital cytomegalovirus infection, morbidity from (*tip*), August, p. 558
congenital hip dysplasia, ultrasonography in detection of (*tip*), August, p. 570

Index to Volume 46

congestive heart failure, enalapril and mortality in (*tip*), July, p. 277
conization, laser. effect of, on cervical tissue specimens (*tip*), October, p. 1284
contraceptive use, long-acting, reproductive ability after (*tip*), September, p. 954
contraceptives and sexually transmitted diseases in women (*tip*), October, p. 1269
contraceptives, oral
—use of, and risk of ovarian cysts (*tip*), September, p. 953
—and uterine fibroids (*tip*), September, p. 962
contrast media, nonionic, late adverse reactions to (*tip*), November, p. 1533
coronary heart disease, alcohol use and mortality from (*tip*), December, p. 1796
coronary mortality in women, risk factors for (*tip*), September, p. 921
correction
screening for pediatric eye disease (*sci*), December, p. 1671
cosmetic breast surgery, breast feeding after (*let*), December, p. 1657
cosmetic surgery (*FPI*), December, p. 1826
CPR
—a new technique for (*tip*), December, p. 1796
—survival after, in a long-term care facility (*tip*), October, p. 1263
CPT codes
—for 1992 (*let*), July, p. 36
—new, by Medicare, monitoring physician use of (*ed*), July, p. 58
croup
—diagnosis and treatment of (*sci*), September, p. 747
—racemic epinephrine in, outpatient use of (*ed*), September, p. 683
—treatment of, epinephrine formulations and (*tip*), August, p. 551
CSF pressure, estimating, during lumbar puncture (*tip*), October, p. 1289
CT findings in children following blunt trauma (*tip*), September, p. 896
culture, family medicine and society (*med soc*), November, p. 1398
culture
—and antigen detection tests for streptococcal tonsillopharyngitis (*let*), December, p. 1657
—rapid antigen test vs., in streptococcal pharyngitis (*tip*), August, p. 552
cystic fibrosis
—new approaches to (*FPI*), November, p. 1563
—prediction of mortality in (*tip*), October, p. 1298
cysticercosis (*let*), October, p. 1042
cysts, ovarian, risk of, use of oral contraceptives and (*tip*), September, p. 953
cytomegalovirus infection, congenital, morbidity from (*tip*), August, p. 558

D

decelerations, variable, saline amnioinfusion for relief of (*sci*), September, p. 778
defecation, painful, and fecal soiling in children (*tip*), December, p. 1810
delivery, safety of weekly cervical examinations near (*tip*), August, p. 546
delivery outcome, effect of nuchal cords on (*tip*), October, p. 1283
Denver developmental screening test, revised, accuracy of (*tip*), December, p. 1824
depression, diagnosis of (*FPI*), September, p. 964
desensitization therapy, changes in chronic nightmares after (*tip*), November, p. 1527
diabetes
—childhood, environmental influence on (*tip*), October, p. 1290
—combination therapy for: biomedical fixation or effective solution? (*ed*), December, p. 1647
—combining insulin and oral agents in: indications and controversies (*sci*), December, p. 1721
diabetic foot care, trends in (*tip*), October, p. 1274
diaphragm, traumatic rupture of, and herniation of the liver (*sci*), August, p. 453
diarrhea, traveler's, aztreonam for treatment of (*tip*), September, p. 941
diet, elimination, as a diagnostic tool (*sci*), November (*suppl*), p. 77S
dietary prevention and treatment of disease (*sci*), November (*suppl*), p. 41S
drains, tubes and, postoperative, technique for securing (*tip*), August, p. 540
DRGs, the ABCs of (*let*), October, p. 1051
drowning, near-, management of (*FPI*), July, p. 283
drug safety, a key to postmarketing: reporting of adverse drug events (*FDA*), September, p. 873
drug use in pregnancy, value of routine screening for (*tip*), August, p. 571
drugs, gateway' (*let*), September, p. 666
duodenal ulcer, maintenance therapy for (*tip*), September, p. 962
dyspepsia, functional (*FPI*), July, p. 283
dysplasia
—cervical, laser treatment of, pain control during (*tip*), September, p. 883
—hip, congenital, ultrasonography in detection of (*tip*), August, p. 570

E

ECG(s)
—12-lead, expanding applications of, in suspected acute infarction (*sci*), November (*suppl*), p. 55S
—preoperative, in surgical patients (*tip*), July, p. 261
elderly
—common skin tumors in (*sci*), July, p. 163
—falls in, mechanical restraint use and (*tip*), September, p. 948
—hypertension in, safety of metoprolol in treatment of (*tip*), October, p. 1297
—urinary incontinence in: pharmacologic therapies (*sci*), December, p. 1763
elderly patients, mania in (*tip*), September, p. 945
elderly patients, warfarin in, response to (*tip*), December, p. 1803
elderly psychiatric inpatients, suicide attempts in (*tip*), September, p. 953
electrosurgical excision procedure, loop, for CIN (*sci*), August, p. 505
elimination diet as a diagnostic tool (*sci*), November (*suppl*), p. 77S
embolism, pulmonary, clinical course of (*tip*), November, p. 1542
employment rates in persons with spinal cord injury (*tip*), August, p. 547
empyema, parapneumonic, in children: diagnosis and management (*sci*), November, p. 1443
enalapril and mortality in congestive heart failure (*tip*), July, p. 277
endoscopic gastrostomy, efficacy and limitations of (*tip*), July, p. 270
environmental influence on childhood diabetes (*tip*), October, p. 1290
'environmental medicine' series (*ed*), October, p. 1059
epinephrine, racemic, outpatient use of, in croup (*ed*), September, p. 683
epinephrine formulations and the treatment of croup (*tip*), August, p. 551
erlichiosis, human: a newly recognized tick-borne disease (*sci*), July, p. 199
erythema multiforme (*sci*), October, p. 1171
erythema nodosum (*sci*), September, p. 818
erythromycin, intravenous, minimizing side effects of (*tip*), September, p. 956
erythromycin formulations for treatment of pertussis (*tip*), September, p. 886
erythropoietin therapy for uremic pruritus (*tip*), September, p. 954
esophageal cancer, pickled vegetables and (*tip*), December, p. 1814
estrogen, protective effect of, on hip fracture, smoking and (*tip*), November, p. 1538

estrogen replacement therapy
—(*FPI*), August, p. 576
—and venous thrombosis risk (*tip*), September, p. 944
euthanasia and assisted suicide: how should physicians respond? (*med soc*), September, p. 689
exercise promotion, physicians' attitudes and (*tip*), July, p. 255
exercise treadmill testing (*let*), November, p. 1384
exhaustion, heat, exertion-induced (*FPI*), July, p. 283
eye disease, pediatric, screening for
—(*sci*), October, p. 1243
—(*correction*), December, p. 1671

F

facial lesions, pyogenic, intraoral examination in (*sci*), August, p. 461
falls in the elderly, mechanical restraint use and (*tip*), September, p. 948
family health care system (*ed*), September, p. 685
family medicine
—culture, and society (*med soc*), November, p. 1398
—teaching, in medical schools (*ed*), December, p. 1649
—urban: lost horizon or last frontier? (*med soc*), October, p. 1074
family physicians and social responsibility (*med soc*), August, p. 387
'Family Physician's Notebook'
—diary from a week in practice (*FPN*), July, p. 109; August, p. 437; September, p. 739; October, p. 1147; November, p. 1437; December, p. 1711
family practice
—as a career, responses to questions about (*sci*), July, p. 115
—questions about (*ed*), July, p. 57
family practice recruitment, STFM (*let*), October, p. 1042
fecal soiling, painful defecation and, in children (*tip*), December, p. 1810
female victim of sexual assault, protocol for (*tip*), November, p. 1522
fetal arrhythmias, evaluation of (*sci*), December, p. 1745
fetal heart rate, home monitoring of (*tip*), August, p. 572
fetal lung maturity, a new rapid test for (*tip*), July, p. 247
fetal-pelvic index in nulliparous women (*tip*), September, p. 891
fever after cholecystectomy, significance of (*tip*), October, p. 1290
fiber, dietary, and management of elevated plasma cholesterol (*tip*), July, p. 275
fiberoptic vs. conventional phototherapy for jaundice (*tip*), August, p. 569
fibrillation, atrial, rapid, treatment of, value of clonidine in (*tip*), September, p. 903
fibroids, uterine, oral contraceptives and (*tip*), September, p. 962
fibromuscular dysplasia, renovascular hypertension due to, percutaneous angioplasty for (*sci*), October, p. 1225
finasteride for benign prostatic hyperplasia (*sci*), November, p. 1511
finger intubation of newborns (*tip*), July, p. 250
foot care, diabetic, trends in (*tip*), October, p. 1274
foreign body(ies)
—and blood lead levels in children (*tip*), September, p. 948
—mimicking colon cancer (*let*), November, p. 1378
foreign objects, simple technique for removing, from the nose (*let*), October, p. 1046
fracture, hip, smoking and protective effect of estrogen on (*tip*), November, p. 1538

G

gallstone recurrence, NSAIDs for prevention of (*tip*), August, p. 570
gallstones, bile duct stones and laparoscopic cholecystectomy, NIH releases consensus statement on (*med rep*), November, p. 1571
gastric involvement in syphilis (*tip*), August, p. 552
gastroesophageal reflux, effect of bronchodilators on (*tip*), October, p. 1296
gastroesophageal reflux disease, complicated, treatment of (*tip*), August, p. 539
gastrostomy, endoscopic, efficacy and limitations of (*tip*), July, p. 270
general practitioners, stress among (*FPI*), October, p. 1300
